## Human Service Technician

Human Service Technician to work as direct support personnel of our adult foster care homes in the cities of Buffalo, Chaska and Watertown. A Human Service Technician (HST) must possess basic problem solving skills, have a strong desire to help others, and the desire to improve the quality of life of the individuals they are working with. An HST is responsible for following/ implementing an individual's plans and assist in activities of daily needs. An HST must have the ability to effectively communicate orally and in writing within the house as well as within the company departments and document in the necessary records. HSTs must also perform daily duties and responsibilities as assigned, such as but not limited to: housekeeping duties, household errands, appointments, shopping, and leisure activities. Each house can vary in the needs of each individual served.

**Starting pay of \$13.00.**
